

CSREM Second Year Course Plan

- 1) Total Number of Courses: 19
- 2) Total Number of core courses: 3
- 3) No. of core courses per term: 1
- 4) Total Number of Elective Courses: 16

5) Term Wise Break Up of Courses

Course Details	Term IV	Term V	Term VI
Core Course	1	1	1
Elective Course	6	6	4
Term Total	7	7	5

6) Functional Area Details

- **A student needs to take at least 6 courses from his or her area of specialization.**
- **A student needs to take at least 5 full courses per area. However instead of a full course a student can opt for 3 immersion courses.**
- **A student can opt for more than 6 courses in his or her areas of specialization subject to availability of the faculties and interest of the students.**
- **No elective courses will be offered unless at least 10 students have registered for that course.**

Name of Functional Area	No. of courses offered
Marketing	6
Finance	6
Systems	6
Human Resource Management	6
Rural Management	6
General Management	6

7) Choosing the specialization

The student must choose **TWO** specialisation areas. For example if a student decides to specialise in marketing and finance the following will be the break up of courses he/ she will have to take:

Course Details	No. of courses
Marketing	6
Finance	6
Sub Total (Sum of all electives)	12
Core courses	3
Total	15
* Optional Courses in the elective areas / courses from any area / Immersion Courses	4
Total No of courses in second year	19

Important Notes

1. In one term a student can opt for a maximum of 8 courses if permitted from the Dean's office.
2. A student can choose the remaining four courses besides 15 courses (6*2+3) from either
 - (a) Optional Courses in the elective areas
 - (b) Courses from any area
 - (c) Immersion Courses
